Document No - Ref 186

Version Number – 2.0

GENERATING A MEOWS SCORE AND TRIGGERING THE SEPSIS SCREENING TASK

1.	Open your Patients Record		
2.	Click on Assessments/Fluid Balance from the main menu on the left side. Assessments/Fluid Balance		
3.	Click on the Labour Band		
4.	Click on vital signs.		
5.	Double click on the highlighted title and complete the vital signs.		
6.	Click on the green tick once completed.		
7.	The Discern Notification will be displayed prompting completion of the Sepsis Screening Tool. This has also generated a task.
