

## ADDING A PREGNANCY (GUIDE FOR SONOGRAPHERS)

1. Navigate to the Woman's record.

2. Click on Add a pregnancy.

3. Complete the details listed below (more can be completed than listed, just complete as required).

- Insert Onset Date
- Number of Gestations=Number of Baby Labels. This correlates to how many babies the woman is having, you can choose from the drop down.
- Choose Ultrasound from the Method drop down.
- Tick the Final box. This means no new estimates can be added after this one but it still can be modified.
- Insert Date of Method
- Insert EGA by Ultrasound

Ecare will automatically calculate EDD.  
Click OK.

Information displays in eCare under EDD.

4.

The screenshot shows the 'Obstetrics View' interface in eCare. A window titled 'EDD Maintenance' is open, displaying a table of EDD Maintenance records. The table has columns for Confirmation, Status, EDD, EGA on Method Date, Method, Date of Method, and Description. Below the table is a form for 'Modify EDD Maintenance' with fields for Method, Date of Method, Confirmation, EDD, and EGA by Ultrasound. A 'Description' field contains fetal measurements: Crown rump length 10.0 cm, Biparietal diameter 5.0 cm, and Head circumference 10.0 cm. The 'EDD (1)' menu item in the left sidebar is highlighted with a red box.
