

ADDING MULTIPLE BABIES VIA ANTENATAL VISIT CARDS

<p>1.</p>	<p>Select Antenatal Visits from from the Navigation menu.</p> 
<p>2.</p>	<p>Click on the blue plus + next to Antenatal visits to add a card.</p> 
<p>3.</p>	<p>You can complete the necessary details in the card for this visit however, to add a repeatable group/multiple you need to click on Add Baby + Add Baby.</p> <p>Once you have clicked on the above icon, you need to select a label for the baby (Baby 2 for a twin as shown in this example) before clicking Add.</p>  <p>You can then fill out any of the relevant clinical information for Baby 2 in the card before clicking sign (green tick) </p>

4.

Once the card has been signed it will appear as below containing the clinical details entered into the system.
