	When you select Antenatal Clinic (or whichever other band is relevant to you), you will see a list appears
	below. From this list, select Abdominal Palpation .
3.	The reason we are selecting Abdominal Palpation is because it is the first section which contains a
	repeatable group icon which allows us to add a second baby. We could also do the following steps under
	any section containing the repeatable group function.
	Click on the repeatable group icon
