

## MODIFYING THE CONFIRMED EDD

1.	<p>This guide is for modifying the EDD in a woman's notes. <i>This is not how to add a new EDD. Please see the correct QRG for this.</i></p>
2.	<p>From within the Woman's record (Obstetrics View), select EDD from from the Navigation menu. Click on <b>Modify EDD</b> to change an estimate entered by yourself/someone else (i.e. transcription error).</p> 
3.	<p>Change the incorrect details within the EDD maintenance screen. For the purpose of this example, only the EGA (estimated gestational age) is being changed. Click OK once details are changed.</p> 
4.	<p>If this is a final EDD, the Final Confirmation box will appear. This is a reminder you cannot add another new estimate when the EDD has been finalised. Click Yes to this message.</p> 
5.	<p>The Modified value will now display.</p>

To view the history of the Modified EDD, you can do the following:

1. Click once again on Modify EDD
2. Right click on the Confirmed final EDD and select View History

EDD Revision History window appears which details what value was previously entered.
