IT Dept Quick Reference Guide (QRG)

Document No – Ref 241

Version Number – 2.0

ORDERING BLOOD FOR TRANSFUSION (Cross match) process

ļ			
	Ordering Blood Products		
	No Group and Screen order has been placed on this patient in the last week. To process this request the Laboratory will need a Group and Screen ordered to validate the dispense of the product.		
	Please press OK to add a new Group and Screen below.		
	Add Order For:		
	✓Group and screen, blood		
	OK		
	The list displays a light bulb next to the items selected and if more details are needed, a blue circle with a white cross will show. Fill in the mandatory fields (highlighted in yellow) and any other required.
